Testimonial for Laszlo Daragics – Bonus Eventus and JC Electrical

Now I know we haven't had the best summer, but it still gets pretty warm in our offices when everyone is working hard and the computers are all in use!!

Last summer was really uncomfortable so I decided this year we'd invest in aircon and I'm so glad we have!

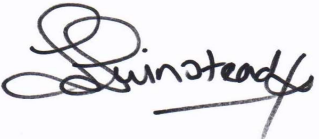

Laszlo gave us a competitive quote and was really helpful in giving me all the info our landlord needed to give us permission to proceed. The service was efficient and booked in when it was convenient to us around work commitments.

Laszlo's team were great in liaising with our downstairs neighbours who were not the most flexible about access to the fuse board located in their office.

The work was completed really efficiently and the place left very tidy afterwards.

Our office is lovely and cool so you are all welcome to visit if we get the much anticipated heatwave!

Thanks Laszlo

A handwritten signature in black ink that reads 'Sam Swinstead'.
