Testimonial for Bonuseventus Maintenance Ltd**5 March 2024**

Collaborating with Bonus Eventus Maintenance Ltd has been a delight, as they have reliably demonstrated their worth as an essential ally in managing our commercial properties. Bonus Eventus has handled a wide range of projects for us at Bridger Bell, from general building maintenance to complete office refurbishments, including bathroom and toilet renovations. They've managed various roofing projects, addressing repairs for both small and large-scale issues, including leaking roof flashings and lead work.

Although their specialty lies in commercial HVAC and gas services, Bonus Eventus has also provided painting and decorating, various brickwork repointing, and has resolved plumbing leaks and electrical issues. Every project has been completed to a high standard of functionality with a fast turnaround. The team is always reachable by phone or email, making communication seamless. We highly recommend Bonuseventus Maintenance Ltd for their reliability, quality of work, and outstanding dedication.
